Negro Soldiers Shoot at White Ones.

Yesterday afternoon a party of white men belonging to the 6th Kentucky Cavalry were passing the military prison, going to the barracks on Broadway. Some negro soldiers belonging to the 125th "raw recruits" made some insulting remarks to them as they were passing. The white men turned upon them with stones, causing a stampede among the darkies. At this juncture nearly all of the negro regiment was ordered out under arms. This was too much for a little squad of men to oppose, so they started to run. The negroes fired a volley into them as they started, but, of course, hitting none of them. Two balls accidentally passed through the clothing of Richard Hann, one of the soldiers. Is it not a shame, that white men who have fought bravely in this war, should return to their own homes to be insulted and shot at by a pack of negroes who have never smelt gunpowder in the field?

MEETING OF THE BOARD OF TRADE-DELEGATES TO CHICAGO.—In pursuance of a call, there was a meeting yesterday at the Board of Trade rooms, when there was a tolerable full attendance.

The following new members were elected: Thomas Carre, of the Jeffersonville railroad; F. J. Waller, Louisville rolling mill; Dr. N. B. Green, J. H. Schroeder & Sons, Wm. Kaye, P. O'Bannon, T. X. A letter was received from Charles Randolph, President of the Chicago Board of Trade, stating that the Board of Trade rooms at that place would be opened on the 30th inst., and requesting the Board of Trade to appoint delegates to attend the opening ceremonies. The communication was received and the following delegation appointed: Judge J. P. Harbeson, W. B. Hamilton, V. P. Armstrong, Henry Bishop, E. L. Huffman, W. H. Walker, H. Hamilton, Geo. W. The meeting, without transacting any further business, adjourned.

ZANPRETTA TROUPE.—The opening of this troupe at Wood's Theater took place last night, and was greeted by a large and fashionable audience. Alex. Zanprett appears to be at home on the tight-rope, and can perform those feats of agility which few could do on terra firma. In the pantoime he is full of fun and humor, and kept the audience in a perfect roar all the time. Louis Zanprett in his trapeze seat, playing a drum solo while suspended by the back of the neck, is the most extraordinary and daring feat of gymnast we ever witnessed. Miss Lina Windell, the premier danseuse, is the best, and will escort them in a perfect roil all the time. Louis Zanprett and the pantoime of the terrible crime, Ross was killed with fence rails. His brain were literally beat out and his body then robbed of a considerable sum of money, a watch, pistol, etc. A large number of soldiers went in pursuit of the murderers, but had not overtaken them at last account. They, however, arrested the father of Barnes, at whose house was ascertained the murderers stopped only half an hour before the soldiers reached it. The murdered man was from East Tennessee, where he had been in the employment of the Government. His visit to Kentucky was for the purpose of seeing some relatives, who reside in Pendleton county. The affair has created a great deal of excitement in Falmouth and vicinity.

Daring Attempt at Burglary.—The Robbers Attempt to Murder the Proprietor of the House.

For some time past our city has been exceedingly quiet, and few or no crimes of any magnitude have been added to the records of our courts, but with the present state of circumstances, every city in the Union is being overrun with villains of every description, and the public press filled with records of the most horrible crimes, it is not likely that our city should be free from outrages of this description. The police force, as regards numbers, are not sufficient for the discharge of their duties, and as a general thing the suburbs of the place are left unguarded, or if this is not the case, the police are not able to make their beat more than once a night.

Sunday night a party of two men went to the grocery store of Bushman, corner of First and Broadway, entered the house without being discovered, stole \$25 from the cash drawer and left, closing the window through which they gained an entrance, as they left. After this, the police force, which will be discharged, subject to trial by civil law hereafter.

Before Court Martial, the cases of Harrison, Bennett and Browning, charged with being guerrillas, were before the Military Commission yesterday. Harrison and Browning had their cases continued, but Bennett will be discharged, subject to trial by civil law hereafter.

MILITARY COMMISSION.—The cases of Harrison, Bennett and Browning, charged with being guerrillas, were before the Military Commission yesterday. Harrison and Browning had their cases continued, but Bennett will be discharged, subject to trial by civil law hereafter.

THE citizens living on Breckinridge street, between Second and Fifth, complain bitterly of the stench arising from the carcasses of dead horses, mules, &c., which are being buried in the sun or in the common beyond. They are compelled sometimes to close their residences, and we think something should be done to purify the air in that locality before an epidemic breaks out.

ONE W. W. Gates, Esq., editor of the West Tennessee Whig, at Jackson, Tenn., is now in the city stopping at the Louisville Hotel. Mr. Gates will remain in the city a few days, and will visit our merchants with the view of soliciting advertisements. The Whig is an old and reliable paper, having been published for more than twenty years, and will be sold at \$1 for a copy.

HIGHWAY ROBBERY.—Yesterday afternoon, between 4 and 5 o'clock, a party of robbers, led by a negro, entered the house of Mr. J. C. Gutz, Coroner, on Market street, and took \$100 from his safe.

The steamer City of Washington, from Queenstown the 17th, is coming up.

NEW YORK, Aug. 28.

The Herald's Boston correspondent says that improved cotton and sugar lands in Louisiana can be purchased at very low prices, some of the plantations being entirely deserted by the original proprietors and controlled by the Yankees, so heavily mortgaged that they have been abandoned in despair, while others can be bought for a mere pittance, on account of the owners being so disengaged, but which have not been made freehold, and which will not attempt to continue agricultural operations with them under Yankee protectors. It is said that the freedmen will work willingly and industriously, and that the Yankees of the South, of those who were formerly their masters, and are rather reluctantly in many cases to enter into contracts with them.

The Herald's Richmond correspondent says a grave difficulty of a military character has cropped in this department, near the line of the Tennessee in the district of Major General N. M. Curtis. It is known that the freedmen have not been apprised of the existence of a large number of cattle in the vicinity of the difficulty belonging to the late Confederate Government, and consequently without any other owner capable of presenting a claim a legitimate ownership. General Curtis sent a small force to capture the cattle, and those were successfully repelled by the bushwhackers and guerrillas of the South. The freedmen have been dispatched to some of the out-roads with an adequate force, and it is certain Major General Curtis will make exceedingly slow work of this business with these five.

It is thought that another large batch of general officers will be ordered to their homes to report to the Adjutant General of the army. An impression prevails for good that the general officers of the army will be actually mustered out of the service until after the meeting of Congress.

NEW YORK, Aug. 28.

There were no important developments yesterday in the Ketchum situation. Edward B. Ketchum is still confined in the cell in the rear of the detective room at police headquarters, where he is seen on Sunday several of his friends. He will be held until his trial and converses with great freedom on all subjects, whether relative to the frauds in which he is implicated or other matters.

NEW YORK, Aug. 28.

The Coroner's inquest in the inquest relative to the fatal collision on the Oil Creek railroad, Pennsylvania, on Thursday, returned a verdict of "negligence on the part of the engineer and conductor of the freight train, and requesting the Coroner to issue warrants for their apprehension. The jury also say that the men are constantly in risk on that road in consequence of its insufficient accommodations.

NEW YORK, Aug. 28.

The Herald's Washington special says the statement of the New York Evening Post that the national authorities have made no adequate preparation to repel the Chinese and the Shenandoah in the Pacific is without foundation. In fact, when the naval officers at San Francisco first heard of the plan in the direction they telegraphed to the Admiralty, commanding in that quarter, and the "Shenandoah" and one other cotton-clad were despatched from Acapulco some time in July.

The 1000 horses and mules have been sent to the different military posts, for the purpose of ascertaining the magnitude of Indian depredations in the Western States and Territories. The 1000 horses are to be sent by telegraph line in Utah, at a single point, and the hostile attitude of the savages in that region, makes it important to dispatch an additional mounted force to learn how they are beyond.

NEW YORK, Aug. 28.

From highly intelligent Southerners, direct from South-Carolina, we learn that the question of negro suffrage will probably prove somewhat embarrassing to the South Carolina politicians in that State, a strong party will be in favor of fixing on the white basis. While the low country interest have heretofore controlled the Legislature of the State, and the upper classes have been to insist now on the negro forming any portion of the representation will be more or less compromising upon the question of negro suffrage.

On Saturday an old, somewhat crippled, called on Jeff. Davis, who announces him self as in very good health, the only drawback being a carbuncle of his leg and a slight touch of erysipelas. In speaking of Wm. W. Winder, he has never seen or heard of him before, and adds, adding that from what he knew of Winder having been a classmate of his at West Point he did not believe he would be guilty of such a series of inhumanity as to his charge.

Secretary Stanton will visit Saratoga Springs before he returns to Washington.

NEW YORK, Aug. 28.

Dr. Franklin Tuthill, formerly assistant editor of the New York Daily Times, and for two years a member of the Legislature, one from Suffolk county, and one from Broome, has his residence in the latter place yesterday.

NEW YORK, Aug. 28.

The steamer City of Washington, from Liverpool 15th and Queenstown 17th, arrived this morning. The cattle plague continued the prominent topic in England. The disease is spreading rapidly.

The steamer is bound for Liverpool. It had increased 384 deaths in one day.

The weather continues unsettled. Heavy rains have inundated with latent operations. Firm at the port, with wheat prices again 20¢/d. dearer. Corn firm; prices rather in favor of sellers.

Liverpool, Aug. 17.—The Great Eastern arrived at Crook's Haven this morning.

FARWEST POINT, Aug. 28.

The steamer City of Washington, from Liverpool August 15th, via Leadenherry August 18th, arrived this morning, one day later than the 17th. The disease is spreading at New York.

The cable process generally is regarded as hopeful; quotations of shares have improved 3% per cent. It is thought arrangements can be made for the cable to be used.

Another improved, and more favorable for the crops.

CLEVELAND, Aug. 28.

Gov. Brough is much worse. There are no hopes of recovery, and his death may occur at any moment.

CINCINNATI, Aug. 28.
